

Dental Month Special Pricing Does my Pet Qualify?

February 2018 Special Pricing for Dental Cleaning:

Dogs: \$375 + cost of pre-anesthetic bloodwork

Cats: \$280 + cost of pre-anesthetic bloodwork

Services Included:

- Anesthesia
- Cleaning & Scaling
- Assessment of Dental Health
- Final Polishing & Recovery

Your pet qualifies when:

1. Your pet has an active doctor-patient relationship which means they have had a physical exam at least within the last year at Ballard Animal Hospital.
2. Your pet had blood work done (or recently done) and the results are within normal limits.
3. Your pet passed a quick dental exam (free) to confirm there are no obvious issues or problems, like cracked or broken teeth.

Once we know that your pet is a good candidate, we can schedule the Preventative Dental Cleaning on a day in February that is convenient for you!
